

Kettlerites Take Last Vacation Fling

By VIRGINIA JONES
DA. 6-1617

Labor Day week-end was quite a busy whirl for many Kettler Knolls residents who took this last big holiday before school to have as much fun as they could. And now, school is really upon us—only next Monday, too!

Ken and Ted Cunningham of 1923 Reynosa Dr. and their children left Friday evening for Phoenix, Ariz., to visit brother James Cunningham and family in that city over late three-day holiday. A nice jaunt, and we hope they really enjoyed it.

Over the past weekend, too, the San Diego Zoo was visited by Neil and Maxine Hopper and family of 1765 Calamar street. They also had a chance to get in some visiting—checking up on friends in Chula Vista and La Jolla.

Al and Beulah Fredrickson and twin daughters Judy and Janet attended the well-known Twin Convention at Huntington Beach last Sunday, also visiting friends there who are living at the beach city for the summer. The Fredrickson twins were not entered in the contest however, but we can imagine how interesting that event must be—you see double all day!

A family outing to Big Bear was the week-end trip for Katherine and Ralph Clever of 1760 Calamar St. who also took in Lancaster where they met Mrs. Alice Morse, Mrs. Clever's mother who returned with them to visit in Torrance for two days.

Other Labor Day fun was enjoyed by Frank and Maxine Coffey of 1904 Reynosa Dr. who visited Mrs. Coffey's folks in Chula Vista for the week-end. Daughter Joy accompanied them, of course.

The home at 1959 Reynosa Dr. is busy once again since Chuck and Marie Manning and daughter Carol have returned from their two-week trip to Seattle, Wash. They enjoyed a wonderful time visiting Mr. Manning's folks and returned home with a nephew, Tom Lvuett, of Oroville, who will enter school this fall and spend some time here.

The Mannings' son Frank Christensen of the U. S. Navy was their guest also over last week-end and enjoyed "time off" from duties. He's based at San Diego.

On a trip to San Francisco are Earl and Caroline Chandler of 28415 Falena Ave. who hope to be enjoying their ten-day stay visiting their daughters.

Last Saturday morning, Mrs. David Foote of 208 Reynosa Dr. visited her folks in Kansas City, Kan., and by evening she was at her destination. She will visit her daughter and son-in-law, Dr. and Mrs. Richard Conard at Kansas City during the winter months. She certainly hope she'll enjoy her stay there.

Remember my mentioning Mrs. Alberta Winick's air trip last week? Well, these elderly ladies have it all over us—she not only flew to Philadelphia but also to New Jersey, and if that wasn't enough—the boarder still another airplane for a week's visit in Vermont. She resides here in Kettler Knolls with daughter Miriam Wassenberg of 2105 Middlebrook Rd.—that is, if she ever gets through flying around. More fun!

Hank and Teresa Sifers of 1804 Middlebrook Rd. are busy as bees entertaining company for some weeks now. Seems as though his mother and sister, Mrs. Elsie Sifers and Mrs. Vernon Sifers, and her children were here for ten days from Lodi, and enjoyed their stay immensely. The Sifers took them to the Griffith Park Observatory, toured the Warner Brothers Studios in Hollywood and also visited Mrs. Coffey's folks in Chula Vista, which are just a few of our well known sights-to-see. This week, the Sifers are awaiting more guests, Mr. and Mrs. Frank Gilbo from Galt, Calif., who will visit here for a few days. They are Mrs. Sifers' sister and her husband. Hope everyone has a grand visit.

We hope this week that two Kettler Knolls families have found each other in Yosemite and are enjoying their vacations. First, the Don Nash family of Kathy Way left last week and went directly to Yosemite, while the Norman Wainwright family of Reynosa Dr. departed two days later for San Francisco to visit relatives, first, thence to Yosemite. We'll have more details on them later, I hope!

We almost forgot about two other couples who enjoyed the Labor Day week-end at Herky Creek camp near Idyllwild. They were the Chuck Herrons and the Dale Stantons who seem to always enjoy their outings.
